MY EXPERIENCE

Digital Designer // Golf Channel

September 2016 - Present

Collaborating with several departments on creative material for both business and consumer marketing, including custom print pieces, interactive web banners, branded emails, sales presentations and any other digital marketing needs. Creating all assets to launch new initiatives, including the GolfNow VIP program and a sweepstakes with a professional golfer.

Marketing and Web Designer // Intelity

August 2015 - September 2016

Working with the Marketing Director to develop all visual assets for marketing campaigns, including email layouts, social media graphics, infographics and interactive content. Managing the redesign of the company website to incorporate more interactive elements and improve SEO. Working with the client services department to create app interfaces for new clients.

Lead Designer // Impakt Marketing

January 2014 - August 2015

Working on a variety of branding, print, and web design projects. Building website layouts in Photoshop and coding them for enhanced user experience. Creating simple and unique branding for clients and for Impakt promotional material, including logos, business cards, and brochures.

Graphic Design Assistant // Foliotype Creative

September 2012 - December 2013

Assisting the Creative Director in various areas of design, including logos, websites, e-newsletter layouts, and print advertisements. Leading the design of self-promotional pieces, including quarterly calendars focusing on icons for holidays and occasions.
